GAME #3 (LOW BALL) BEFORE YOU START BOWLING YOUR 3RD GAME, CALL THE COUNTER SO THAT WE CAN PUT YOU IN "LOW BALL"!

This game involves trying to bowl the lowest score possible. Sounds easy but if you score a gutter ball it counts as a strike or spare (depending on whether it's bowled on the first or second ball), you will end up with incredibly high scores. The lowest score possible is 20, which is 2 in each frame (1 pin on each ball-usually the 7 pin and 10 pin).

This game is bowled scotch doubles with the man throwing the first ball and the woman throwing the second ball. If the man gets a strike, then the woman throws the first ball of the following frames until she strikes.

GAME #4 (9 PIN NO-TAP) BEFORE YOU START BOWLING YOUR 4TH AND FINAL GAME, CALL THE COUNTER SO THAT WE CAN PUT YOU IN "9 PIN NO-TAP"!

9 pin no-tap scores a strike for strikes & 9 counts, 8 or less you must shoot for the spare.

Everyone will bowl the regular way with the woman throwing the first ball of each frame and the man shooting at the spares.
